

**PLEASE NOTE: THESE INSTRUCTIONS ARE PROVIDED AS A GUIDELINE ONLY TO ASSIST YOU CONFIGURING WIRELESS. IT STAFF ARE NOT PERMITTED TO WORK ON PRIVATELY OWNED LAPTOPS OR DEVICES.**

1. Power up and log into your iPad as you normally would
2. Select **Settings**

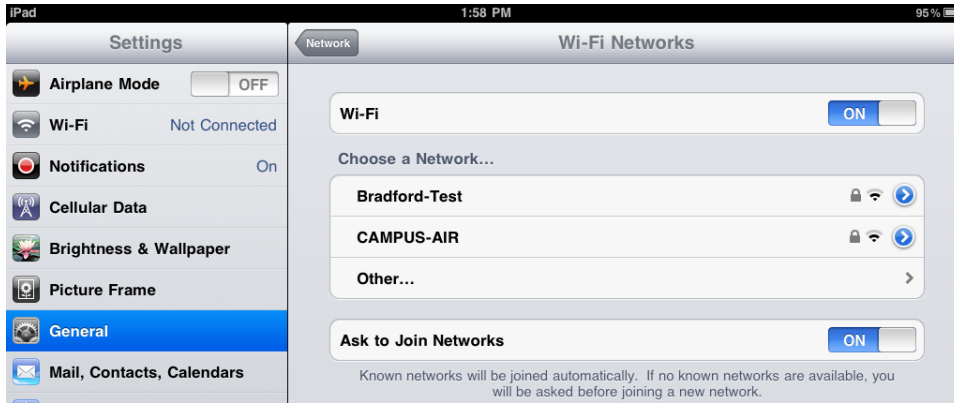

3. Under **General Settings** select **Network**

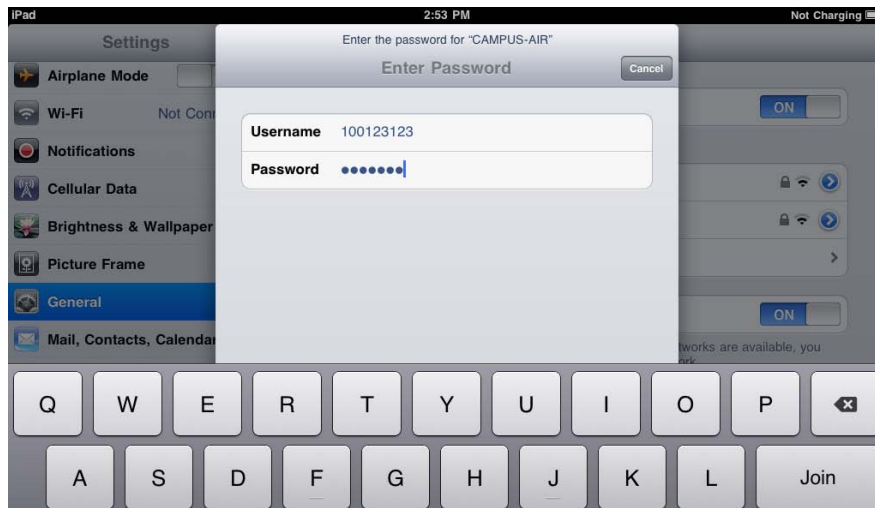

4. Under **Network** select **Wi-Fi**

5. **Wi-Fi Networks** will be displayed. Ensure your Wi-Fi is turned **ON**. Select **CAMPUS-AIR**.

6. A dialog box will appear, asking for your user name and password. Your username is your student number 100xxxxxx and your password is the same one used to log into the computers on campus. Once you have typed in this information, click **Join** from the on-screen keyboard

7. The following dialog box for **Server Authentication** will appear saying **Not Verified**. Click **Accept**. You are now joined to the CAMPUS-AIR network.
