

Microsoft Enrollment for Education Solutions Work at Home Acceptance Form

This acceptance form pertains to the Microsoft software products listed below (which will be referred to herein as “Software”).

- Microsoft Office
- Microsoft Windows

The Software is available to you because UOIT has purchased license coverage through an agreement called the Microsoft Enrollment for Education Solutions. The agreement entitles UOIT employees to acquire Software media at the Campus Bookstore for UOIT **Work-related** purposes only.

The Software license does **not** permit you to use the Software for personal purposes. You are required to remove the Software from your home machine immediately if UOIT discontinues its Microsoft agreement or if your employment at UOIT ends.

It is important to note that you will not own the license and installation disc, rather you will be authorized to use the Software and associated media pursuant to the terms and conditions of the licensing agreement.

Please initial each statement below to confirm your acceptance:

- _____ I will read and abide by the license agreement(s) associated with the Software.
- _____ I understand that no technical support is provided by Microsoft in association with my work-at-home use.
- _____ I understand the minimum specifications to run the Software are listed at <http://www.microsoft.com/products>.
- _____ I will remove the Software from my home machine immediately upon the earlier (a) UOIT discontinuing its license agreement or (b) the end of my employment at UOIT.
- _____ I understand that I am not licensed to use the Software for personal purposes.

Signature: _____

Printed name: _____

Date: _____

Faculty or Department: _____

Note:

While the Microsoft Software available at the Campus Bookstore is for UOIT work related use only, a license that permits personal use can be acquired through the Microsoft Home Use Program (HUP). For details regarding the HUP program, please contact software@uoit.ca.

Please note that Microsoft does not permit utilizing both the Microsoft Software purchased at the Campus Bookstore and the Software acquired through the HUP program (you can choose one – not both).
