4. **New Business**
   a. **Records Management Policy Consultation (Niall O’Halloran and Cheryl Foy, guests)**
   
   N. O’Halloran presented an update on the draft Records Management Policy creation, reviewed the feedback from the consultations and sought additional feedback. Discussion about sites for storing large data. Suggestions to consult with ORION. Discussion about storage, retention and classification of email records. Discussion regarding retention of research records including Research Ethics Board (REB) records. Next steps will be for this policy to have consultation in May with Graduate Studies, CPRC, PAC and Academic Council then to A&F, and finally to the Board of Governors in June. **ACTION:** Invite N. O’Halloran back to the Research Board in the fall.
   
   b. **Residual Funds Policy & Procedures**
   
   J. Freeman noted that the development of this policy was lead by Research & Trust Accounting (RTA). The goal is to guide the university as to eligible and ineligible use of the residual funds upon completion of the grant or contract. Goal is to create a blanket policy to govern residual funds for university use. Suggestion to include the Dean’s Office in the policy. **ACTION:** Send feedback to J. Freeman to collate and send to RTA.
   
   Question about moving these funds to the Overhead Account. Not possible due to the overhead account not having an end date and grant funding requires end dates.
   
   c. **Tri- Agency Financial Administration Updates (Expense Policy) (Simonette Wood, guest)**
   
   S. Wood noted that during or before 2018 UOIT will be audited by the Tri-Agencies. This will be our first audit by this group. S. Wood reviewed changes to the policy and additional documentation required with expense reports against research funds. **ACTION:** Send feedback to S. Wood.
