

Online Workshops:

Adobe Connect will be used for the online sessions. Adobe Connect is a web-based program (similar to Skype). The web link that will be used for the sessions is included below.

Important:

- Please use a headset with a microphone** (plug it in before you open the session). Earbuds that you may have from a smartphone will work if you do not have another headset with a microphone.
- Watch one of the Preparing for an Adobe Connect Session videos below in advance of the session and try the meeting test link below.

Adobe Connect web link: http://uoit.adobeconnect.com/uoit_tlc/

*You may log in as a guest for this session.

Please watch one of the following before the session:

Preparing for an Adobe Connect Session - [Windows Version](#)

Preparing for an Adobe Connect Session - [Mac Version](#)

Use the following link to check your Internet connection & determine if you need to make any updates before the session: http://admin.adobeconnect.com/common/help/en/support/meeting_test.htm
