

## FHSc Research

### Retreat 2015

*“Transcending our Disciplinary Silos”*: We held the 5th annual FHSc research retreat on April 30<sup>th</sup>. The retreat theme pertained to “transdisciplinary research”. Some 50 attended, including 20 research partners. Joy Johnson (VP-Research, Simon Fraser University) delivered keynote and closing presentations on research, funding, and transdisciplinarity. In between, new FHSc investigators hosted roundtables wherein they shared ideas about research in their areas. Evaluations were positive overall. We look forward to next year’s retreat!

## Knowledge Translation Activities

Dr. Jennifer Abbass-Dick – Click [here](#) to read about dad’s role in breastfeeding  
[Here](#) to visit the interactive website on breastfeeding

Dr. JoAnne Arcand  
What’s your sodium intake? Find out [here](#).  
Contributing Editor: [The Science of Salt Weekly](#)

Dr. Robert Balogh  
Health and Disability Support Databases [article](#)  
Secondary Prevention by adults with disabilities [article](#)

Dr. Mika Nonoyama  
Home Mechanical Ventilation Survey [results](#)

Dr. Toba Bryant  
The Political Economy of Children’s Health [article](#)  
[Click here](#) to read about the relationship between income inequality, morbidity, and mortality

The Community Quality of Life [Project](#): studying good jobs, health, and the quality of life in Durham Region

Dr. Shilpa Dogra

Seeking high reliability in primary care [article](#)  
Key Note Address: “Culture, Systems and Patient Safety”

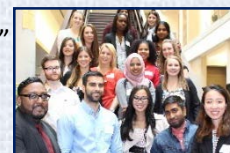

## FHSc Students

**ESE & 3MT**: Nine graduate students participated in the second “Elevator Speech Event”, and 6 of them participated in UOIT’s 3 Minute Thesis competition. Naturally, our students dominated. Four of the six University finalists were from the FHSc, the winner – Michael Williams Bell being among them.

**Fourth-Year Practicum Students**: 39 Research Practicum students participated in the 7<sup>th</sup> Annual “Poster Day” on April 9<sup>th</sup>.

**Sean Jones** wins Bordessa Endowed Scholarship for his exemplary work with differently abled children

## Awards

Dr. Bernadette Murphy

UOIT [Excellence in Research](#) Award **and**  
NCMIC [conference Scott Haldeman](#) Award

Dr. Pierre Côté

Canadian Chiropractic Association Inaugural Public Service Award **and**  
The Ontario Chiropractic Association [Researcher of the Year](#)

Dr. Mika Nonoyama

Ontario Lung Association [ORCS Meritorious](#) Award

Dr. Meghann Lloyd

International Federation of Adapted Physical Activity – [Young Researcher Award](#)
