Presentation Phase

The presentation was an open closed event.

If closed, please provide the reasons for a closed defence:

Question Phase

Was the audience permitted to stay for the question phase? Yes No

Was the audience permitted to participate in the question phase? Yes No

Deliberation Phase

When the question phase is over, the student is asked to leave the room and members of the examining committee determine the outcome of the oral examination. All decisions of the examining committee are made by majority vote. The chair of the examining committee is a nonvoting member, unless the chair's vote is needed to break a tie. A thesis is ultimately graded as a Pass or a Fail. There are four possibilities for revision available as part of the process leading to a final grade of Pass or Fail.

This Thesis is:

- Acceptable without Required Revisions.**
- Acceptable with Minor Revisions.**
- Major Revisions Required.**
- Not Acceptable.**

Chair's Report on Thesis Examination (continued)

Student Name:

Student #:

Date of Oral Exam:

Recommendation to the Dean of Graduate Studies

Revisions: What arrangements are being made for any revisions should they be required?

Re-examination required. If the committee has decided that a re-examination will be required what are the steps that will be required in preparation for this re-examination?

Outline any differences of opinion within the committee if they have affected the outcome.
Describe any special difficulties or concerns

Signature: _____ Date: _____

Please submit this report to the Office of Graduate Studies. **Scan and/or email to gradthesis@uoit.ca**

The Office of Graduate Studies will send copies to the examination committee members, the student's graduate program office, and the Dean of the student's disciplinary faculty.
